VIRGINIA PHARMACISTS ASSOCIATION Honors Award Winners

Established in 2015, the Harvey B. Morgan Award for Advancing Health Policy is presented by the VPhA Research and Education Foundation Harvey B. Morgan Institute of Government and Public Service to identify a pharmacy student that is actively involved in the legislative process. This year's recipient is Adrienne Simmons of Charlottesville, VA.

Simmons is extremely involved as the legislative chair of her APhA-ASP chapter, helping to propose resolutions for her chapter and representing and encouraging students to be involved in the pharmacy policy issues. She has been nominated to serve on the National Policy Standing Committee for APhA-ASP. She worked closely with VPhA to make sure that all pharmacy related bills being introduced at the Virginia General Assembly went out to the students to keep them informed.

The Virginia Pharmacists Association, founded in 1881, is the professional association representing the pharmacists of Virginia. The purpose of the Association is to assure the viability and vitality of the profession of pharmacy by maximizing its contribution to patient care, promoting the competency of its practitioners, and increasing an awareness of these contributions and capabilities and their value.
