In order to assist pharmacists, members and providers with the transition into Medallion 4.0, DMAS is providing the pharmacy claims billing information for both the Medallion 4.0 and Commonwealth Coordinated Care Plus (CCC Plus) programs.

A member’s eligibility can be verified through the DMAS MediCall audio response system (1-800-884-9730 or 1-800-772-9996) or the DMAS web-based internet option, available on the [Virginia](#)

Medicaid Web Portal. As members are assigned to a Health Plan, the status of the enrollment is reflected in the DMAS member eligibility information data available on the 21st of every month for the first of the following month.

Pharmacy Claims Billing Information

- ✓ Medallion 4.0 Health Plans can process claims under either the member's Medicaid ID or the Health Plan ID number.

- ✓ If your claim is submitted as a Fee-For-Service claim and is denied by Magellan BHSA because the member is now enrolled in a Medallion 4.0 plan, Magellan BHSA will return the name of the member's MCO, BIN, PCN and pharmacy helpdesk number, should you need to contact that plan to resolve member identification or eligibility issues. Claims for Virginia Medicaid members enrolled in managed care programs must be billed to the member's MCO.
- ✓ If needed, a 72-hour emergency supply of a prescribed covered pharmacy service may be dispensed if the prescriber cannot readily provide authorization and the pharmacist, in his/her professional judgement consistent with the current standards of practice, believes that the member's health would be compromised without the benefit of the drug.

If you have questions or concerns about Medallion 4.0 for the Department of Medical Assistance Services, please email the Medallion 4.0 inbox, M4.0Inquiry@dmas.virginia.gov for assistance.
