Faculty Disclosure Statements

All faculty included in the activities listed have indicated that they do not have conflicts of interest, nor do they have financial relationship with a commercial interest related to their respective presentation.

CPE Credit Information

The Virginia Pharmacists Association is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Education Planning and Application

Topics selected for the VPhA 2020 Midyear Conference were developed by the VPhA Meetings and Education Committee based upon input from surveys and evaluations from attendees at the 2019 Midyear Conference. Additional input was obtained from the various specialty sections of VPhA, the VPhA Board of Directors, and from review of surveys of other state associations of their members' needs. The VPhA Meetings and Education Committee utilized contemporary literature search to

determine the level of education and educational gaps of members in order to design specific topics and learning objectives.
